

# Remote Admin

Will allow you to control a computer from a remote location

# Access Web Interface

View wireless network(s) and connect to bwifi - 0  
Or the SSID assigned to the  
\*Note The wireless network must be enabled on your computer

# Accessing Web Interface

---

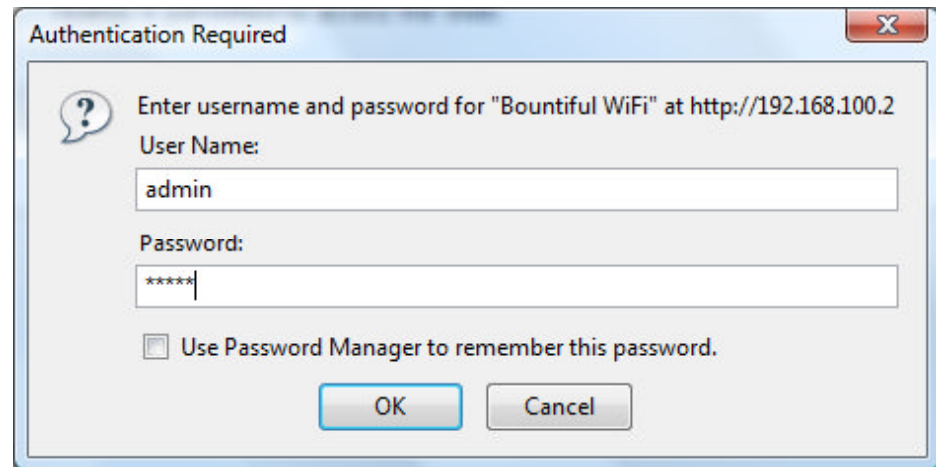

Open an internet browser  
and type in the router IP  
address  
(default=192.168.0.1)  
Or IP address you assigned  
to your router

# Accessing Web Interface

---

Type in user name and password  
default username=admin  
password =admin  
Or the username and password  
assigned to the router

A screenshot of a Windows-style dialog box titled "Authentication Required". The dialog box has a light blue header bar with a close button (X) in the top right corner. The main content area is white and contains a question mark icon in a speech bubble, followed by the text "Enter username and password for 'Bountiful WiFi' at http://192.168.100.2". Below this text are two input fields: "User Name:" with the text "admin" entered, and "Password:" with "\*\*\*\*\*" entered. At the bottom of the dialog box, there is a checkbox labeled "Use Password Manager to remember this password." which is currently unchecked. Below the checkbox are two buttons: "OK" and "Cancel".

# Accessing Web Interface
